*With Change Comes Progress...*

## **Axelent U.S. adds X-TRAY<sup>®</sup> to the Axelent family and expands into an entire new market.**

**Lockport, IL, March 4, 2013 —**

Axelent develops, manufactures and sells a cable management system based on wire trays under the **X-Tray<sup>®</sup>** brand. All these activities take place in close cooperation with our customers. Founded in a rational standard range, which is as qualitative, economic and functional as possible, we serve our customers with emphasis on the following sectors:

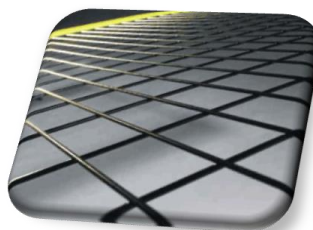

- Food
- Off Shore
- Machinery
- Infrastructure
- Energy
- Telecommunications/Data

**Axelent X-Tray<sup>®</sup> offers a complete range of products with wire trays and accessories within the following:**

- Mountings
- Fittings
- Accessories
- Tools
- Surface treatments: zinc plated, hot dipped galvanized and stainless steel 304 and 316

We sell a concept in which wire trays constitute the core, but where our **PRODUCTION CAPACITY, KNOW-HOW** and **LOGISTICS** make us a unique partner for our customers. **ALWAYS** listening and progressing according to the needs of the industry and our customers.

**We are pleased to now offer X-TRAY<sup>®</sup>.**

*Axelent is a global manufacturer and respected industry leader with cutting-edge production technology and award-winning perimeter safety fencing products that exceed worldwide safety standards.*
